

Summer spots
 Can you find all these signs of summer?

Summer spots!

Look for fledged blue tits, great tits and woodpeckers

Can you spot a hummingbird hawk-moth?

Count the spots and look for different species

Spot squirrels feasting on green hazelnuts

Find these on flowers drinking nectar through their proboscis

Look for trees that have been damaged by deer antlers

Spot bees, butterflies and hoverflies visiting flowers

Can you see dragonflies and damselflies zipping over ponds?

Find these tiny creatures and their sticky honeysuckle on leaves

How many different sounds can you hear?

What else can you find?

Feel free to copy and share this for personal and educational use – and don't forget there are loads more brilliant activities to download on our website!
